

Ian Sheppard
Manager Environment and Community
Tahmoor Colliery
Remembrance Drive
TAHMOOR NSW 2573

Dear Ian

Longwall 26 Public Safety Management Plan Approval – Condition 15

I refer to your to your letter dated 17 March 2011.

Tahmoor Colliery have previously submitted a number of plans that address public risk and safety management as affected by subsidence due to Longwalls 24A, 24B, 25. I confirm your communication that the Public Safety Management Plan for Longwall 26 contains the same or similar information to the previous plans, with minor revisions to reflect learnings gained from the previous longwalls.

On that basis, the Director, Mine Safety Operations, is satisfied that the Public Safety Management Plan for Longwall 26 at Tahmoor Colliery has been prepared in accordance with the requirements of condition 15 of the Subsidence Management Plan Approvals.

Should you be uncertain about any aspect of the subsidence management requirements, please contact Paul Langley, Subsidence Executive Officer, on phone (02) 4931 6448.

Yours sincerely

Will Barraclough 24.3.11.

Bill Barraclough
Manager South East and Senior Inspector of Mines
Under Delegation of the Director – Mine Safety Operations
