Dear Sir,

**Re: Tahmoor Colliery Longwall Panel 28 – Variations to Subsidence Monitoring Programme**

I refer to Tahmoor Colliery's proposed variations to the subsidence monitoring programme for Longwall Panel 28, as outlined within a letter from Community Coordinator, Tahmoor Colliery entitled "Cessation of Monitoring for Longwall 28" dated 2 June 2015.

Pursuant to Condition 12 of Executive Director's SMP approval of Longwalls 27 - 30 (File No. 11/3219, dated 31 October 2012), I approve the subsidence monitoring variations proposed in the letter noted above, subject to the following condition:

- 1 The leaseholder must comply with the monitoring/inspection requirements of the owners/operators of infrastructure that may be affected by subsidence arising from extraction of the subject longwall panel.

Yours faithfully,

Dr Gang Li  
Principal Subsidence Engineer
