Longwall South 3A update

Tahmoor Coking Coal commenced mining of Longwall South 3A (LW S3A) on Wednesday 8 May 2024 and has since progressed 1533m as of 11 November 2024 (see **Figure 1**).

Mining is progressing in a north-westerly direction and there is 167m remaining until completion in December 2024 (timing subject to operations).

At the completion of LW S3A, Tahmoor Coking Coal offers to conduct end of panel subsidence surveys for any properties within the subsidence zone of Figure 1 that had survey markers installed at their properties. You will receive a copy of the subsidence data for your records.

Claiming for mine subsidence damage

If you think your property is damaged by mine subsidence you can lodge a claim for compensation with Subsidence Advisory NSW.

Visit www.nsw.gov.au/subsidence-advisory/claims for more information.

Please be advised claims will be placed on hold until active subsidence from current and future longwalls has settled.

If you experience a mine subsidence safety, security or serviceability concern, please phone Subsidence Advisory NSW **24-hour Emergency Hotline** on **1800 248 083** and they will coordinate a priority response.

If you have any concerns you can also contact Tahmoor Coking Coal on 02 4640 0025 or email tahmoorenquiries@simecgfg.com.

Community Drop-In Session Wednesday 27 November 11am to 3pm Bargo Community Hall

Tahmoor Coking Coal is committed to ensuring the community is informed and up to date with our mining operations.

Mining of Longwalls S4A to S6A is expected to occur from January 2025 to January 2027 (pending operations).

The Community Drop-In Session provides an opportunity for you to ask Tahmoor Coking Coal representatives questions regarding:

- mine subsidence and your property
- arrange a free Pre-Mining Inspection
- discuss upcoming mining of Longwalls S4A to S6A and proposed S7A mine plans.

If you live in the subsidence zone of the A series longwalls and have any questions about the mining operations, feel free to come along to the Community Drop-In Session on Wednesday 27 November from 11am to 3pm at the Bargo Community Centre - 96 Radnor Road Bargo.

Please note, there is no presentation from Tahmoor Coking Coal, it is simply an opportunity to stop by and ask any questions or have a face to face chat instead of phoning or emailing.

If you are unavailable to attend but would like a face to face meeting, feel free to contact Amanda Bateman, Community Liaison Specialist on 4640 0025 or email tahmoorenquiries@simecgfg.com to request a meeting.

Tahmoor Coking Coal - current mine plan

Figure 1 highlights the location of Longwall S3A in yellow.

- The blue line (predicted 20mm Subsidence Area) indicates the area predicted to experience subsidence from LW S3A mining.
- The grey shading depicts the previously mined areas.
- The green and blue areas are the active subsidence zone where weekly inspections are carried out. Green being 450m behind the longwall face and blue being 150m in front of the longwall face.

Owloween, a spooky success

Three lucky Wollondilly families won family passes to Owloween at Australian Wildlife Sanctuary in Bargo during October.

The two-day Halloween-inspired event, sponsored by Tahmoor Coking Coal and Wollondilly Shire Council, had a massive turn out with over 2000 guests enjoying the frighteningly-good entertainment.

Tahmoor Coking Coal works closely with the sanctuary to sponsor events, provide donations and assist with the construction of enclosures. Tahmoor's Community Liaison, Amanda Bateman was honoured to be invited to the event as one of the judges of the costume competition, along side Mayor Matt Gould, Councillor Suzy Brandstater and Councillor Jacqueline Jenson.

"The Owloween costumes were incredibly creative. It made our judging job extremely difficult, but the winners really embraced their characters and put on a great show." Amanda said.

Family pass winner, Melissa Jane Davis and her family had a great time at Owloween.

"It was absolutely wonderful! We only have a young one (5 months) so we took my husband's parents with us and they loved it as well! It was very well done and we're so grateful we won the tickets!" Melissa said.

Tahmoor Colliery Community Consultative Committee

The TCCCC provides a forum for open discussion between representatives of Tahmoor Coking Coal, the community, local council and other stakeholders on issues directly relating to the mine's operations, environmental performance and community relations.

The committee is independently chaired and meets four times a year. There are six local community members on the committee listed below who are available for you to contact should you have any questions or concerns.

Michael Muston	Independent Chair	qem@1earth.net
James Johnston	Community Representative (Bargo)	johnsons170@bigpond.com
Nicole Pearce	Community Representative (Bargo)	onestopworkshop@hotmail.com
Karen Moss	Community Representative (Bargo)	karenmoss64@icloud.com
Wayne Southwell	Community Representative (Bargo)	southy562@tpg.com.au
Bob Clayton	Community Representative (Tahmoor)	rcla1919@bigpond.net.au
Col Mitchell	Community Representative (Picton)	col.mitchell194@gmail.com
David Henry	Wollondilly Shire Council Representative	david.henry@wollondilly.nsw.gov.au
